

## REID TO THE FRONT

He Defends the Great Policy of Protection

IN HIS NOTE OF ACCEPTANCE

The Weakness of Democratic Opposition Exposed by a Master Hand.

The Issues Defined.

New York, Oct. 18.—Hon. William Reid's letter, accepting the republican nomination for vice president, was made public tonight. It is addressed to the Hon. W. F. Durbin, Anderson, Ind., and is dated Oquir Farm, N. Y., October 18, 1892.

In it Mr. Reid says: "When the nomination with which the national convention had honored me was formally announced by your committee, I accepted at once. In doing so I accepted also the principles set forth in the resolutions adopted by the convention as the basis of appeal to the popular suffrage. There will be no misunderstanding as to the purposes of the republican party in this contest and no doubt as to the attitude of its candidates. What it intends it has set forth in language that cannot be mistaken, and they will strive, by all the lawful means in their power, to enforce its plainly expressed will.

"The party platform, so-called, are more important this year than usual. Both the leading candidates have commanded the approval of the American people in its highest form of expression. Attention is therefore concentrated less on the men themselves and more on the principles each is put forward to represent and, in case of election, be required to carry out.

The Vital Issues.

"It is obvious that the really vital issues which this year divide parties and demand a popular decision, are those relating to the tariff and the currency. Fortunately both sides have stated their positions on these subjects with directness, simplicity and frankness.

"We favor a protective tariff, and when in full power make the present one. Our opponents favor a tariff for revenue only and promise the repeal of the present one.

"We maintain that the tariff should cover the difference in the cost of home and foreign product, caused by the difference in the home and foreign wages for the labor employed upon it. Our opponents distinctly repudiated the proposition that American wages should be considered in the matter and declared instead that a tariff levied for anything but revenue only was unconstitutional.

"We maintain that the present tariff has worked well; that it has developed American manufactures, steadied and increased American wages and protected the prosperity. Our opponents deny that there has been any increase of prosperity under the present tariff; declare that wages have been reduced and denounce the republican policy which, as they say, fosters no other industry so much as that of the tariff.

Working of the Tariff.

The sharpness of this presented for the decision of the American people, cover, more comprehensively and more specifically than ever before, the whole range of considerations relating to a protective tariff, its constitutionality, its expediency, its relation to wages, its practical working and the question whether, as it is from time to time reduced, we should throw away the advantages thus extended to foreign nations or should get something in return for them.

Mr. Reid then goes on to say that the constitutionality of a protective tariff has heretofore been thought established, and notes that a tariff bill, avowedly for the encouragement and protection of manufactures was carried through the first congress. He also quotes from a message to congress of Andrew Jackson, in which the constitutionality of the protective system is maintained, and, coming down to the present time, adds the opinion of the Hon. George Ticknor Child on the same question.

Speaking of the expediency of a protective tariff, Mr. Reid says it has been vindicated by the experience of the last thirty years, the most wonderful period of financial success, over unheeded difficulties, on the record of modern civilization. Under it, and by its aid, the republican management of our finances has resulted in the largest payment of the national debt in the shortest time known in history, and in the simultaneous development of the industries of the country and the prosperity of the people on a scale without a parallel.

Representative Prospects.

Mr. Reid points out that the value of all property in the United States has increased 1,400,000,000 of dollars in 1890 to 34,000,000,000 in 1890, making a total increase in the thirty years of republican rule and a republican protective tariff of forty-four thousand millions of dollars against the fourteen thousand million earned in the previous twenty years. He says:

"Our opponents join issue with us directly and positively to effect the present tariff. They deny that there has been any increase of prosperity under it; declare that wages have been reduced, and denounce our policy, saying, with a sneer, it fosters no industry so much as that of the tariff. It has been a fortunate circumstance for the republican cause, which, as we have seen, above all, to ascertain the exact facts concerning such an assertion, that on the regular course of their official duty a number of democratic offices have been required to report the statistics in their several departments bearing upon this subject. Such reports have been made successfully by the commissioners of labor statistics, the bank commissioner and the board of equalization of the state of New York, by the chairman of the senate bank commission, and the chief of the bureau of labor statistics of New Jersey and by others.

Representative Results.

"All these representatives tend to show an increase during the year 1891 under the present tariff, in wages, in the value of products, deposits in savings banks, in building and home associations, and in the value of real and personal property, as found for purposes of taxation, but not of taxation.

Coming down to the question of reciprocity, Mr. Reid goes on to show the

People Pouring Into Chicago in Thousands.

DISTINGUISHED MEN ARRIVE

The City a Blaze of Color and Handsome Decorations—Vice President Morton Entertained.

Chicago, Oct. 18.—The distinguished guests of the World's Columbian exposition are arriving by every train and tonight the larger portion of those expected to be present during the dedicatory ceremonies are comfortably quartered either at the hotels or with private friends. Vice President Morton and party arrived this morning and were at once escorted to the home of H. W. Higginbotham, where they will be entertained during the week. Ex-President Hayes and family were on the same train, and have quarters at the Grand Pacific.

Governors and their staffs are as plenty as popovers, the party of Governor Russell being enormous. Mayors and councils of the leading cities are met at the depot by committees from the local aldermen and escorted to their hotels.

The spectacle from Washington carrying the supreme court, justices, cabinet officers and diplomats will arrive tomorrow morning.

The crowd is something enormous and the city begins to appreciate that life in certain ways will be miserable for the next week. Brass bands go here and there and split the air, while the eye is equally weary looking at the superb decorations.

MILES WINS OUT.

The Military Pageant Will Be Held in the Park.

Chicago, Oct. 18.—General Miles and the local directory were under fire today at the meeting of the national commission of the Columbian exposition. Led Governor Russell of Connecticut, the malcontents in an attack on the arrangements for the military parade. The troops, he said, were brought here to parade the streets of Chicago, not to be kept locked up in the world's fair grounds. Resolutions were introduced ordering that arrangements be made for a military parade through the principal streets of Chicago but after a long discussion the whole matter was finally laid on the table.

The important action of the commission at today's session was a decision to hear no arguments for or against the opening of the fair on Sunday. They regard the action of congress as a final settlement of the controversy. Tomorrow had been set for the hearing arguments, and numerous speakers on both sides of the question will be disappointed in not having an opportunity to air their views. Before adjournment resolutions of sympathy with President Harrison were passed.

LADY MANAGERS MEET.

Favorable Reports Are Received From Twenty-Two Nations.

Chicago, Oct. 18.—The regular meeting of the board of lady managers of the World's Columbian commission was held today. After Mrs. Mary C. Bell of Florida had offered prayer Mrs. Bedford Fenwick, president of the British royal commission, made an address upon the mission to this country in the interests of training schools for nurses. President Bertha Palmer then submitted her report, which showed very favorable progress in the work of the board. Speaking of the appointment of foreign committees to co-operate with the board, Mrs. Palmer said that they were now possessed of the most powerful organization that has ever existed among women, having official committees in twenty-two countries and favorable responses from seven others. At the afternoon session Professors Thomas and Tomlin's reports on music were submitted.

GRIEVANCES ARE SETTLED.

The Missouri Pacific Telegraph Operators Get a New Scale.

St. Louis, Oct. 18.—There will be no strike of the Missouri Pacific telegraphers. A final conference lasting from 1 to 7 p. m. resulted in clearing away all differences as to rules and agreeing on a schedule of wages. The conference, on emerging from Assistant General Manager Smith's office, walked straight to the telegraph office and sent the following dispatch:

"To all dispatchers and operators: A satisfactory settlement has been reached at 6:15 p. m. minimum of \$50 on Missouri Pacific proper and \$45 on branches of Missouri Pacific in Kansas, also an average increase to dispatchers of \$1.50. We will have a couple of days longer comparing schedule for printers. (Signed)

The Committee.

The committee would not state the exact amount of the increase, but it is known positively that it aggregates over \$50,000 yearly, and that it does not exceed \$50,000. The schedule and rules with the contract has not yet been signed, but this will be attended to tomorrow. This reported duplicity of Ramsey in connection with the order to strike on the Santa Fe yesterday is denied by Mr. Smith and also by Mr. Hammond, superintendent of telegraph, and by U. E. Gillen, chairman of the committee.

Engineers Go Back.

Denver, Col., Oct. 18.—The strike on the Denver & Rio Grande came to an end shortly before 2 o'clock this afternoon. Superintendent Sample received a telegram from the committee of strikers accepting his proposition to go back to work pending an investigation by the board of adjustment and the Rio Grande management. Trains will be started out from both ends of the road as early as possible, and it is expected everything will be running smoothly by tomorrow evening.

Strike Risk Off.

Denver, Col., Oct. 18.—It is announced that a vein of very rich silver and lead ore has been discovered at Silver, in the Cheyenne and Arapahoe country.

California Has Contained.

Baltimore, Md., Oct. 18.—Baltimore was 100 years old today and celebrated her centennial by one of the most elaborate

## GUilty OF BRIBERY.

Councilman Tanner, of Toledo, Admits His Guilt in Court.

Toledo, O., Oct. 18.—Frank C. Tanner, one of the members of the city council indicted for bribery, came into court this afternoon and pleaded guilty. He also resigned his seat in the council. Sentence was deferred until the close of the term.

COST TWO LIVES.

Englewood Had a \$100,000 Blaze Early Yesterday Morning.

Chicago, Oct. 18.—Two lives lost, twenty buildings burned, involving a loss of 100,000, is the terrible record of a fire that broke out in an Englewood bakery this morning at 4:30 o'clock. Mrs. Ada Butler was killed by jumping from the third-story of the Hotel Kent, and John Howard was buried in the ruins of the bakery.

The fire started at the corner of Sixty-third and Wright streets and, fanned by a strong breeze, was soon eating its way east and west through that block facing north on Sixty-third street, between Wright and Honore streets. After three hours hard work the firemen succeeded in keeping it in these limits. When the Hotel Kent caught the guests were seized with a panic. Mrs. Butler, disregarding the cries of the firemen, leaped from the third story and struck the ground on her head.

SKIPPED WITH \$20,000.

Superintendent Byrnes Investigating Two Mysterious Disappearances.

New York, Oct. 18.—Superintendent Byrnes has been working upon the disappearance of Otis Greys, who, it was said, walked off the Fall River Line steamer Eliza, a few days ago while asleep, and the subsequent disappearance of Henry H. Finley, a partner of Greys, and has, he claims, discovered sufficient to warrant a belief that neither of the men is dead, but that they have skipped the city with about \$100,000 belonging to other people. The two men were largely interested in a Florida land syndicate with a Mr. Phillips, a tobacco merchant. A swindling scheme of \$125,000 has been devised by Superintendent Byrnes, in which all the men figure. It is thought that Superintendent Byrnes will have the missing men in custody in a short time.

Advance Southwestern Rates.

Chicago, Oct. 18.—Southwestern passenger rates will be advanced Nov. 10 to the old basis. On the same day, also, all the stop-over privileges will be annulled, but Santa Fe operators, for a continuous passage. A corresponding advance in rates will be made to all intermediate points between Chicago, Kansas City and St. Louis, and connecting lines are instructed to use the advanced rates as basing rates.

Skipped to Avoid Arrest.

Topeka, Kas., Oct. 18.—H. D. Barker, the Santa Fe operator who sent the bogus telegram from Chief Ramsey ordering out Santa Fe operators, appeared from Dodge City today and left no trace. He had learned that Ramsey and the company intended to prosecute him to the utmost limit for his costly joke and did not wait to be arrested.

Rio Grande Annual Meeting.

Denver, Col., Oct. 18.—The annual meeting of the Rio Grande stockholders took place at noon today. Officers and directors were elected. The annual report of the board, which was read by the president, showed a net profit of \$100,000. The board also reported that the company had received a letter from the Santa Fe company, offering to purchase the Rio Grande for \$1,000,000. The board rejected the offer, and the company will be devoted to paying off the floating debt.

Fatally Injured at a Fire.

PLIN CITY, O., Oct. 18.—Fire broke out in Sherwood's hotel shortly after noon today, and destroyed that structure, together with three dwellings. Henry Kahler was probably fatally injured by falling walls. Loss \$15,000.

Blew His Head Off.

CHATTANOOGA, Tenn., Oct. 18.—Seventy-five pounds of dynamite exploded on a government dredge boat six miles below here today, tearing the deck out of the boat and sinking it. Charles G. Galt was blown off and two laborers killed.

End of the Convention.

RAINTON, Oct. 18.—The Episcopal convention closed here today. The house of bishops chose Louisville as the place to hold the next convention, while the lower house decided on Denver. A special committee will settle the question.

Bank Director Arrested.

PITTSBURGH, Pa., Oct. 18.—Ephraim Young, a Spring Garden bank director, was arrested here today for embezzling \$8,000, was arrested here today.

Mrs. Harrison Rests Quietly.

WASHINGTON, Oct. 18.—Mrs. Harrison passed a very comfortable day. Her condition tonight remains unchanged.

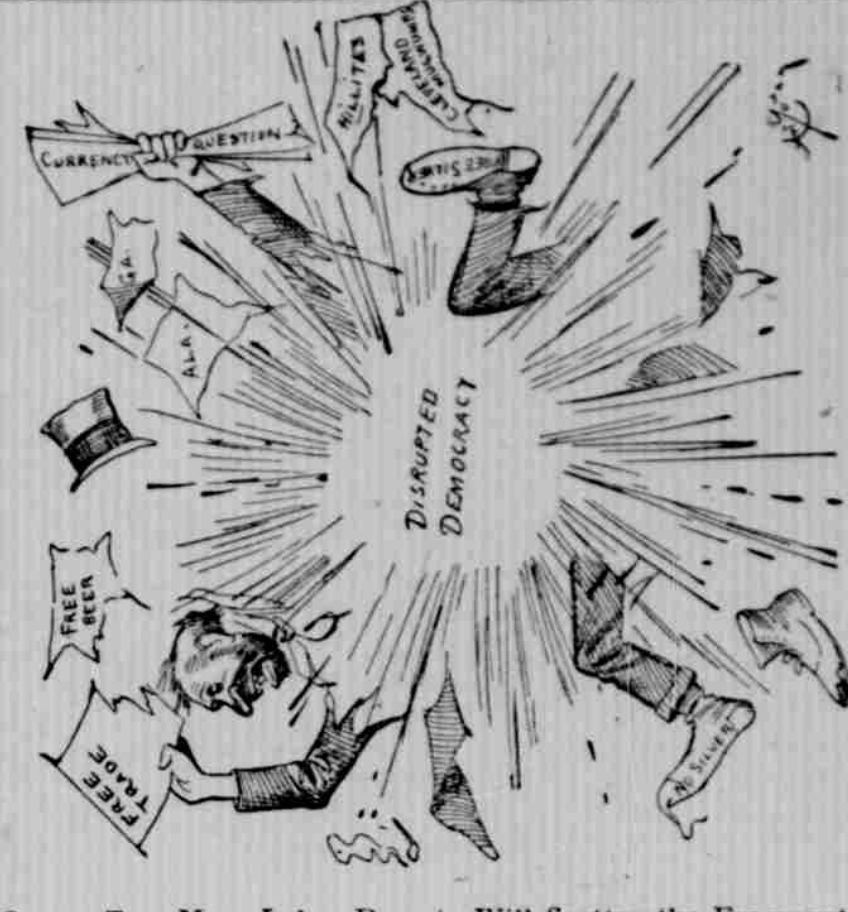

Judge Miller Dead.

ELICOT CITY, Md., Oct. 18.—Ex-Chief Judge Miller died this evening. He had been ill for some weeks.

"GIVE ME NEW YORK."

The Long Distance Telephone Line Used Yesterday.

Chicago, Oct. 18.—Mayor Washburne walked into a little booth this afternoon and called up New York over the long distance telephone. Mayor Grant answered the hello and accepted Mayor Washburne's verbal invitation to attend the dedicatory exercises. Professor Bell, inventor of the telephone, talked with C. E. Moley, western superintendent of the American Telephone and Telegraph company. A constant player blew "Hail Columbia" into the transmitter, and the New York audience applauded. Aroun's stanzas were then reversed and New York talked to Chicago.

One or Two More Labor Reports Will Scatter the Fragments.

## BOSTON WON A GAME

Their Close Contest With the Cleveland Club.

DUFFY'S GREAT STICK WORK

The Second Game for the World's Championship Characterized by Great Ball—How It Was Lost.

CLEVELAND, Oct. 18.—Two errors today by two of the Cleveland players and Duffy's long hits won the game for Boston. Cleveland batted better than the Boston, although it secured no more hits. The local team was very unlucky in sending the ball's end and again directly into some fielder's waiting hands. Clarkson was hit hard in two innings only and pitched splendid ball. He made one of the greatest stops seen on any ball field, but Virtue let the ball get away from him on Clarkson's throw, and subsequently the error brought his run in. The game in no way demonstrated the superiority of either team over the other.

If it did anything at all it confirmed the impression that the clubs are two of the most evenly matched that ever came together. The attendance was 7,700, and the day was perfect for ball playing. Boston got its first run in the first inning on singles by Long and McCarthy and Duffy's long fly to McAleer.

Duffy's Three Hagger.

In the third inning Long got to first on Virtue's muffed throw and ball and reached home after Duffy's three base hit. Zimmerman's single, Clarkson's double and Burkett's fly to Lowe, gave Cleveland its first run. In the next inning the local team scored again on McKean's single, Virtue's sacrifice and a hot hit to left field by McAleer. The score was now a tie, but in the fifth Boston forged ahead again on Tebeau's fumble of McCarthy's hot ground hit and a two base hit by Duffy that banged up against the left field fence and reached home after Duffy's three base hit. Zimmerman's single, Clarkson's double and Burkett's fly to Lowe, gave Cleveland its first run. In the next inning the local team scored again on McKean's single, Virtue's sacrifice and a hot hit to left field by McAleer. The score was now a tie, but in the fifth Boston forged ahead again on Tebeau's fumble of McCarthy's hot ground hit and a two base hit by Duffy that banged up against the left field fence and reached home after Duffy's three base hit. Zimmerman's single, Clarkson's double and Burkett's fly to Lowe, gave Cleveland its first run. In the next inning the local team scored again on McKean's single, Virtue's sacrifice and a hot hit to left field by McAleer. The score was now a tie, but in the fifth Boston forged ahead again on Tebeau's fumble of McCarthy's hot ground hit and a two base hit by Duffy that banged up against the left field fence and reached home after Duffy's three base hit. Zimmerman's single, Clarkson's double and Burkett's fly to Lowe, gave Cleveland its first run. In the next inning the local team scored again on McKean's single, Virtue's sacrifice and a hot hit to left field by McAleer. The score was now a tie, but in the fifth Boston forged ahead again on Tebeau's fumble of McCarthy's hot ground hit and a two base hit by Duffy that banged up against the left field fence and reached home after Duffy's three base hit. Zimmerman's single, Clarkson's double and Burkett's fly to Lowe, gave Cleveland its first run. In the next inning the local team scored again on McKean's single, Virtue's sacrifice and a hot hit to left field by McAleer. The score was now a tie, but in the fifth Boston forged ahead again on Tebeau's fumble of McCarthy's hot ground hit and a two base hit by Duffy that banged up against the left field fence and reached home after Duffy's three base hit. Zimmerman's single, Clarkson's double and Burkett's fly to Lowe, gave Cleveland its first run. In the next inning the local team scored again on McKean's single, Virtue's sacrifice and a hot hit to left field by McAleer. The score was now a tie, but in the fifth Boston forged ahead again on Tebeau's fumble of McCarthy's hot ground hit and a two base hit by Duffy that banged up against the left field fence and reached home after Duffy's three base hit. Zimmerman's single, Clarkson's double and Burkett's fly to Lowe, gave Cleveland its first run. In the next inning the local team scored again on McKean's single, Virtue's sacrifice and a hot hit to left field by McAleer. The score was now a tie, but in the fifth Boston forged ahead again on Tebeau's fumble of McCarthy's hot ground hit and a two base hit by Duffy that banged up against the left field fence and reached home after Duffy's three base hit. Zimmerman's single, Clarkson's double and Burkett's fly to Lowe, gave Cleveland its first run. In the next inning the local team scored again on McKean's single, Virtue's sacrifice and a hot hit to left field by McAleer. The score was now a tie, but in the fifth Boston forged ahead again on Tebeau's fumble of McCarthy's hot ground hit and a two base hit by Duffy that banged up against the left field fence and reached home after Duffy's three base hit.
